

Our Love
Eric Binnion

OUR love is youthful,
and pierced with inexperience.

OUR love is joyful,
and filled with happiness.

OUR love is wonderful,
and is so radiant.

Yet,

There are those days,
that I am Dull.

I am eaten up,
and distressed

And,

I begin to wonder what will happen,
and how we can possibly keep going.

Yet,

You find a way to convince me,
that all is right.

That somehow,
we will be together day and night.

...

Your love can be healing,
and can make me warm.

It can wrap me like a blanket,
and can send me satisfied to sleep.

Our love is,
MY life force...
